

Josep Lluís Mateo

mateoarquitectura

Josep Lluís Mateo. Montpellier, 2019

Architect ETSAB (Barcelona High Technical Architectural School).

PHD (with honors) at the UPC (Polytechnic University of Catalonia).

Professor em. Dr. of Architecture and Design at the ETH-Zürich (Swiss Federal Institute of Technology).

He has taught and lectured at leading academic and professional institutions around the world, including the Harvard Graduate School of Design, where he was Guest Professor in 2015, Princeton, Columbia University in New York, Jean P. Getty Center in Los Angeles, ABK Stuttgart, UP8 Paris, OAF Oslo, ITESM Mexico and ITT College of Architecture in Chicago.

Member of l'Ordre des Architectes de Paris, Swiss Society of Engineers and Architects (SIA) in Zürich and the Catalan Professional Architectural Association (COAC) in Barcelona.

Editor-in-chief of Quaderns d'Arquitectura i Urbanisme from 1981 to 1990. During this period, the magazine received numerous awards: ACCA (Catalan Association of Art Critics, 1981), Laus (1985) and Laus ADG (1981), Visual Arts Prize of the city of Barcelona (1984) and the Grand Prix of the Internationale Union of Architects (UIA) at the Sofia Biennale in 1990.

His practice, mateoarquitectura, is globally active and it aims to connect intelligence and artistic ambition with pragmatism and objectivity. It has been recently chosen as one of [100 world's best architecture firms](#) of 2019 by DOMUS Magazine.

Founded in November 1991 by Josep Lluís Mateo, mateoarquitectura boasts almost 30 years of experience. With its team of 20 experienced architecture professionals (project managers, design teams, model makers) recruited from all over Europe, the practice has developed a wide range of competences (office buildings, urbanism, public spaces, housing...) and the ability to adapt to the international arena.

His practice has won many prizes and awards; his body of work has been worldwide [published](#) and exhibited.
